

Assemblin

Assemblin strengthens its position within electrical in the Gävle region in Sweden

Assemblin Electrical acquires Stefanssons EI AB through an asset deal and thereby strengthens its delivery capacity in Gävle. The company has an annual revenue of 8 MSEK and five employees.

Stefanssons EI AB was founded in 2019 and offers a complete range of electrical installation services, spanning from central system replacements and installation of EV charging boxes to complete installations in industrial environments, both as service and project assignments. The company is located in Valbo outside Gävle and the customer base consists mainly of corporate customers, but also to some extent private consumers.

“Stefanssons EI is a well-reputed company with a high level of expertise and extensive experience in modern electrical installations. The acquisition strengthens our local offering and makes us better equipped to meet the demand for sustainable and energy-efficient solutions in the region. We are very pleased to welcome new colleagues and customers to Assemblin”, says **Jonas Klarén**, CEO of Assemblin Electrical, SVP.

Jonas Stefansson, current owner of Stefanssons EI, will continue in the business.

“Becoming part of Assemblin is a natural step for us. As part of a larger organization, we have better opportunities to grow and broaden our offering, for the benefit of our customers. We look forward to becoming part of the Assemblin team and developing together,” says **Jonas Stefansson**, CEO of Stefanssons EI.
