Mats Johansson new President and CEO at Assemblin

Mats Johansson takes up his position as new CEO at Assemblin in May 2018.

Mats Johansson, born in 1967, has many years of experience in the construction and real estate sector, both nationally and internationally. Since 1994, he has worked within the Skanska Group, most recently as COO at Skanska USA Building Construction. Mats succeeds Lennart Petersson, who since October 2017 has had the role of acting President and CEO at Assemblin. Lennart Petersson, with his extensive experience and considerable expertise, will remain at Assemblin.

“It is a great pleasure to be able to welcome Mats to Assemblin as our new President and CEO. His experience and documented ability to lead and develop organisations make him ideal for the role. I would also like to thank Lennart Petersson, who has contributed in such an exemplary way to the positive developments we have seen recently,” Mats Wäppling, Chairman of the Board of Directors of Assemblin, commented.

“Assemblin as a company is in a very exciting stage in an interesting market. I am really looking forward to working together with the Executive Management Team and Assemblin’s 5,700 very capable employees to develop the business further. The aim is to consolidate Assemblin’s position as a leading installation company in the Nordic region,” Mats Johansson commented.

For more information, contact Mats Wäppling, Chairman of the Board, Assemblin, +46 (0)70 645 03 21.

About Assemblin

Assemblin is a complete installation and service partner with operations in Sweden, Norway and Finland. We design, install and maintain technical systems for electricity, heating, sanitation, ventilation and automation in offices, arenas, shopping centres, industries and private homes. Our strength is that we combine the personal presence of a local company with the strength of a multidisciplinary group. Our turnover is SEK 8.2 billion and we have 5,700 employees in 100 locations in the Nordic region.
